### Beschreibung:

Selling on behalf of a client.

Betty is an easy to handle girl who likes her food!

She is a proven female who has not been bred from for a few years now due to her owners change in circumstances however she is always sat the mating pen hopefully.

She has a dense fleece which still has a good handle for her age.

We see no reason why she couldn't go on to have further cria for her new own and would be happy to offer a half price mating to any of our Barnacre stud boys.

- After sales backup service including 24 hour, 365 day telephone support
- Husbandry training available if required
- Agistment/livery available
- Support and friendly advice with alpaca set up if required
- A free year's membership of the North East and Borders Alpaca Group
- Guaranteed years of absolute pleasure!!!
