Description:

Raphael is a correctly proportioned grey male with an impressive show record and a soft handling fleece displaying impressive uniformity both of colour and uniformity of micron across the body. His fleece has held its fineness, increasing from 21 microns in 1st fleece to 21.3 microns in his 3rd.

he has been a key member of our walking team since shortly after weaning so is exceptionally easy to handle. It is imperative that he goes to a farm where he can live with other males of a similar temperament (we can supply companion animal(s) if required).

He is ready to work and is only for sale as we have his two half brothers - Arkadia Pinnacle Prince & Arkadia Phineas

Potts (co-owned with Woodborough Alpacas) on farm, so he wouldn't get the work he deserves.
He will come with a full fertility guarantee & an Enferplex test prior to delivery.
