(taken on 20th June 2022 at 1 Year and 11 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Jasper is the complete article! Barely 2 and he's already bagged the Reserve Champion ribbon as a yearling, followed by the White Male Champion ribbon at the Heart of England Fiesta in April this year. This is unsurprising if you look more closely at his genetic package; his dam, Bozedown Glimpse is a product of Galaxy of Bozedown, arguably one of the most influential herd-sires in Bozedown's ascendancy and across white genetics in the UK. His sire, Fowberry Debonair, is out of EPC Cambridge Fortitude, himself sired by the legendary EPC Cambridge Spartacus. We were excited by this combination and now it has delivered!

We spotted Debonair as a young winner at the BAS National. He ticks all the boxes but we were particularly impressed by his density, uniformity and heavy-cutting fleece. Here Jasper does not disappoint. His second fleece hardly needed skirting to bring it to competition standard, and weighed in at 4.5kg. Multiple fleece test across the saddle confirmed

fineness of 17.1 micron and uniformity with a 3.1 SD score. When looking at the fleece close-up you'll notice the structure in his fleece from skin to tip and perfect brightness.

Beyond his fleece credentials Jasper offers faultless conformation, the physical stature needed to develop into a working male and an easy-handling temperament.

And he is not alone in his award-winning ways; Jasper is half-brother to Cold Comfort Atticus (Supreme Champion), Cold Comfort Roman (Reserve Champion) and Cold Comfort Celeste (Reserve Champion).

Jasper's dam, Glimpse, has been our most prolific breeding female and Debonair has only just started his good work at Cold Comfort. We have therefore decided to put him up for sale where he can potentially be transformative in another herd.

Prizes Won:

- Spring Alpaca Fiesta, Heart of England 2022, Huacaya Champion White Male, Champion.
