15.80µ SD 3.30µ CV 21.40%

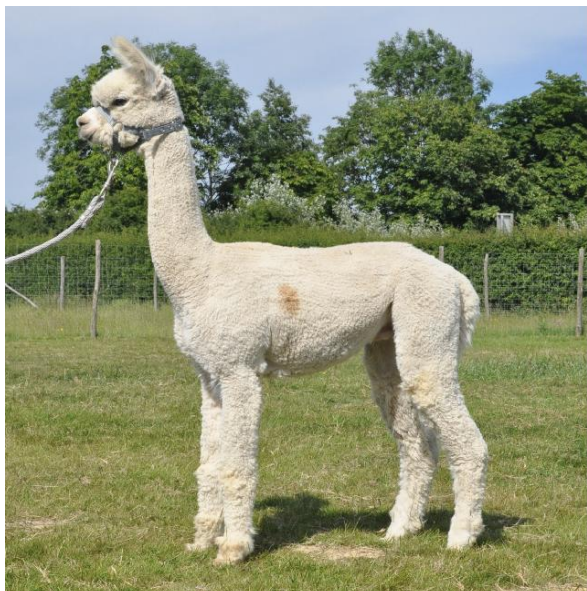

*(taken on 26th January 2022 at 7 Months of age)*

**Fibre Testing Authority:** Art of Fibre

### Description:

Casper is a solid white yearling (with a small fawn spot). His genetic package is impressive, with his Bozedown and Fowberry genealogy offering up a fine and very uniform fleece. His fleece has a lovely handle and impressive density. Both his sire and dam are multi-award winners. He is halter trained, compositionally faultless and easy to handle. Casper has not made the Cold Comfort show team but may be useful to a breeder looking for an opportunity to gain access to his genetics at a reasonable price.
