Date of Birth: 24th August 2016

Description:

Beck Brow Ammunition has been with us here at Chestnut Farm for the last four years and he has proved himself to be a worthy herdsire.

Ammunition has produced some lovely offspring over the years including our Champion White Male Chestnut Farm Defiant.

He has produced quite a few daughters for us and a lot of these girls are staying to become part of our core herd, because

of this we have decided to sell Ammunition as we will have limited females for him to go over.

Ammunition is a very well grown male with a strong and correct frame and true to type head.

His fleece is incredibly dense and produces a good staple length, his fleece is bright and has a lovely soft handle and has a well defined crimp with a minimal display of guard hair.

Beck Brow Ammunition passes his positive attributes on to his progeny.

Most of Ammunition's offspring can be seen here at Chestnut Farm.

Some of his offspring have been shown and all those that have been entered into a show have come away with a placing.

Prizes Won:
