Description:

Liberty has a pleasant temperament and is lovely to handle in all aspects. She is a big lover of carrots and is good with people as well as her herd mates. She is mid fawn with darker fawn spots so a spotty home is better suited. Her first fleece sample sits with an ultrafine fleece with an average of 17.9 micron. her staple length sits at 100mm at 364 days of growth. Her dam, Carlshead Fortuna, has passed on the spots as well as her fineness and lustre characteristics onto Liberty. Her Sire, Ashwood Jet Setter (a multiple fawn male champion) has passed on his desirable true to type head style as well as his density.
