(taken on 11th March 2023 at 4 Years and 8 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Evolution Verve is a lovely female with correct conformation and a true to type head. She boasts some fantastic lines in her pedigree, including Nyetimber and Snowmass. Her fleece is fine and dense and sold as soon as it was shorn. She is a trouble-free girl and will walk on a head collar, down the road, for field changes.

She has produced three daughters so far; two rose greys and one light brown. We don't breed every year, so she is not pregnant for 2026.

We are non profit cottage breeders, breeding with the aim of continuously improving fleeces. We have a number of

really nice females we can offer as a package or individually. Not all are listed here or in our website, so please get in touch if you would like a price list. All of our alpacas are priced to be affordable whether to new entrants or to the existing breeder who wishes to bring in a bit of fresh blood.

All our adult alpacas are halter-trained for ease of handling.

All our sales come with:

- a full health history of the animal
- after sales support
- pregnancy certificate
- pre-movement worming
- live cria guarantee (7 day)
- discounted stud services to returning females
- microchip
- BAS registration
- No VAT
- a free course in caring for your new alpacas

We can provide a Tb test at purchaser's cost.

Number of Crias bred from female: 3
