

Description:

We have decided to put Ziggy up for sale as we feel he would do better in n a bigger herd or together with boys older than him. He is was in a paddock with younger boys, showing off his dominance a bit too much for our liking. We have now moved him to his own area to give the others a rest.

He is a lovely boy, he is halter trained, great on the lead and is part of my walking team. Ziggy would make a great addition to any herd used for breeding, fibre production or trekking. He has some big names and genetics behind him, both parents, grand parents and beyond have won many ribbons.

Prizes Won:
