Description:

Calamity is an excellent breeding female. she births easily and takes very good care of her cria. Her cria at foot is the best grown in the paddock. She carries very special genetics from Beck Brow Explorer and the Skye House Herd which was one of the founding herds of the UK alpaca industry. She is carrying a King Garth Hipster cria who is a very exciting prospect. A reluctant sale due to space issues. Calamity is halter trained. King Garth's pregnancy to King Garth Hipster is guaranteed (live cria for 24hrs from birth) with a remating to Hipster.

Calamity is up to date with all husbandry and on going advice and support is offered for as long as required. Delivery can be arranged for up to 100miles from King Garth. 10%discount is offered for anyone purchasing 2 or more alpacas from King Garth.
