### Description:

This female is an absolute gem. This daughter of Alpaca Stud Canute is now bred to Evolution Legend's Tempest and we are excited to see the result out of this breeding. Candy Floss is a beautiful honey fawn and has a soft handling and bright fleece. There is some variation in colour in the fleece but this does not detract from the potential of this female. Candy Floss falls in the top 25% on 5 out of 7 traits measured by the British Alpaca Society EBV program.
