(taken on 5th May 2022 at 3 Years and 9 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Firecracker is a stunning, modern grey male just brimming with potential. He is conformationally correct with a beautiful fleece which has seen him crowned champion modern grey across multiple shows in his show career thus far.

Firecracker's fleece is enviable in quality and would put many lighter colours to shame. The fleece is dense, bright and highly organised. At last shearing, aged 4, he cut a fleece which tested at 18.7 micron with an SD of 3.5. The fleece weighed at 1.8kg fully skirted. Firecracker has his first cria due in the summer of 2023. It will not be a disappointment if we do not sell as who wouldn't want this male in their herd!! But sadly we can not offer the scale of opportunities a male such as this deserves hence we offer him for sale.
