Faser-Untersuchungsorganisation: Australian Alpaca Fibre Testing

Beschreibung:

Park Side Bedivere is an older male, looking for a new home with other males for company. He has won multiple championships for his extremely dense and lustrous fleece. He has produced champion progeny including a champion white and a champion modern grey. His progeny have a full range of colours including, white, fawn, brown, black and grey. His progeny have inherited his glorious lustre and he reliably adds density. His progeny include champion white, grey and brown. Bedivere has fantastic genetics on both sides of his pedigree. His sire, Pinkney Nutkin, was a supreme champion and is a son of Suri Wonder Dream, out of a top Australian female. His dam has won a brown championship and is a Synergist daughter and Pucarra Surreal Rapper Granddaughter so has Macgyver genetics on both sides of her pedigree.
