(taken on 31st May 2022 at 2 Years and 9 Months of age)

Fibre Testing Authority: SGS

Description:

**** Crias due in 2023 ****

This well grown, upstanding, true to type male has exceptional fleece qualities. With color in his background, we expect him to produce extreme COLORED and WHITE offspring.

Red Granites Bracken By Val D Lsere exhibits excellent brightness and is very fine with good density, well organized crimp that bundles and excellent staple - all traits that you would expect as a son of our very own, Red Granites Val D Lsere. His sire needs little -- to no introduction as he has claimed three AOA National Dark Male Supreme Championships, and was the 2021 Futurity Herdsire of the Year, 2021 Futurity Reserve Light Herdsire of the Year, and 2021 Futurity Dark Herdsire of the Year. In our opinion, he stands as one of the most distinguished colored huacaya males in the world.

Red Granites Bracken's Dam, HDF Peruvian Batista, was one of the finest animals from Heart's Desire Farm, she was rated as one of the best they have produced. Batista had a first year histogram test of 12.2 with a curv of 62.9, second year 14.9, fifth year of 18.8. Her progeny have elite fiber traits and big bones.

It was no surprise that Bracken was the primary excitement during his show career winning many championships and is still winning Best Bred & Owned banners, one of the championships was at the 2021 AOA National Show where he placed behind the light male supreme championship winner. He also took 1st place as a yearling at the Futurity 2021. He recently took the 2022 TXOLAN Sweetheart Spectacular Best Bred & Owned Male Award under Amanda V, and at the 2022 TXOLAN Bluebonnet Stakes side he won his class but lost to our Dark Fawn Val D Lsere son for the Best Bred & Owned Male award judges by Diana T.

Bracken can be made available for Export out of the US. He has four teats.
