**Beschreibung:**

This male is extremely impressive, he is well grown with impressive substance of bone and correct conformation. When you get your hands on his fleece he has a buttery soft handle with extreme density and fineness.

Black breeders will, and should, quickly notice this males pedigree and just how pre potent he is when breeding for dark colors. His sire, Snowmass Mr Sizlin Rose, is one of the countrys top 5 males when breeding for black. This means that when he produces black animals they have continuesly placed in the top three positions and or taken championships. His dam, Estates Goddess of Luck, is a supreme true black daughter of a Snowmass Andean Midnight (half-brother to Snowmass Royal Bronze) son and Patagonia's Ernesto daughter. This males pedigree is one that everyone wants when breeding color, and not a lot of animals carry a pedigree like this because Snowmass Mr Sizlin Rose is a restricted herdsire, so take what you will with that information....

He can be made available for export outsdie the US. Four teats, good sized testicles.
