20.90 μ SD 5.78 μ CV 27.66% % Over 30 Microns(μ) 4.48%

(taken on 23rd September 2022 at 2 Years and 10 Months of age)

Fibre Testing Authority: New England Fibre Testing

Description:

Soft fleeced black male from very respectable breeding. Selling as he is inter-related to our main black line and we have little use for him. He is not certified but has one healthy robust unregistered male cria. Well behaved and halter trained. He has a consistent medium frequency crimped fleece with good staple length. His mother in particular has maintained fineness through to her 12th fleece!

Raj (ADORE Raj Maharaj)
