Fibre Testing Authority: Art of Fibre

Description:

Florence is a lovely natured, and experienced breeding female who has birthed without assistance each time and has produced healthy confident cria.

Florence is a well grown brown female and at almost 8 years old she holds her fineness at 23 micron, with champion brown and champion fawn genetics on both sides of her pedigree. Florence has strong potential to produce colour in her offspring, with 3 of the 4 offspring being dark brown or black, she would be perfect for a dark breeder. We have kept her only fawn male as our in-house stud.

Her sire, Fowberry Nobility, a multiple fawn champion male across the country. Florence carries plenty of his traits and characteristics, she stands on a strong frame with impressive fleece coverage. She carries a very desirable, true to type

head shape which she most definitely inherited from her sire. She is a special girl as she was awarded champion and reserve champion at her first two shows being an intermediate.

- Fully documented husbandry folder with breeding history
- After sales backup service, support and advice.
- Husbandry training available if required
- BAS registration and a free year's membership of the Yorkshire Alpaca Group
