Description:

Lane House Belissima - Solid White Pregnant Female with Female Cria at foot 🌟

This female is very impressive both in her own fleece qualities and the exceptional standard of her offspring. The only reason we are considering releasing her is because she is related to 2 of our major herdsires going forward. We also have her full sister who has won multiple championships. This girl is very dense, amazingly fine and uniform and consistent with a bright soft handling fleece. She stands on a correct well proportioned frame and true to type head with a silky muzzle. Despite being solid white she has produced mostly dark and mid fawn cria when bred to colour. So she would be ideal to any breeder wanting advanced fleeces throughout the colours as well as whites. As well as having her sires fleece qualities she also has his wonderful calm temperament which makes her easy to handle. She has a stunning beige female Cria at foot sired by Classical MileEnd Finlo, who is showing excellent show potential at this early stage.

She will be mated to our impressive True Black herdsire - Lane House Stormzy for 2025. This should result in an excellent dark fawn or brown cria.

This is an exciting opportunity to purchase a fantastic 3 in 1 package at a reasonable price. Discounts apply for multiple purchases.

Fleece stats

1st - Micron 18.9 SD 3.6 CV 19.0 CF 99.4

2nd - Micron 18.2 SD 3.7 CV 20.6 CF 99.2 Curv: 55.0
