Description:

Goldfinger is a discreet, kind female with a superb presence. She certainly gets this from her father, the magnificent stallion True Black "Eye catcher" Inca Balboa.

You will also find in her bloodlines great names like ATA Cambridge Centurion and Cedar House Snow King.

She passes to her descendants a fine, soft handle fleece and an incredible phenotype, a perfect head style on a solid frame.

She is an excellent mother, always producing good quality, healthy and fast growing crias. She has always produced MF, MB and DB colored crias.

Hier latest cria, a brown female named Maquis License to Kill, is part of our showteam and won an excellent 2nd place out of 7 junior females in her first competition this year.

Goldfinger is pregnant with our multiple champion fawn MAQUIS JUST FABULOUS (see photo) and we can expect a lot from this mix because both are absolutely magnificent alpacas to look at, admirable phenotypes, undeniable fleece qualities with very interesting family trees in terms of colors and predictability!
