(taken on 15th April 2023 at 8 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Maquis Latin America is a young grey male of very good conformation with strong bones and very nice grey markings. He is very well grown for his age.

He comes from prestigious American and Australian bloodlines.

His fleece is uniform in colours and extremely fine particularly for a grey with a very good crimp style.

1st histogram @ 1 month : AFD is only 14.8 mic. with an SD of only 3.3 mic. Length 50mm

2nd histogram @ 8 month: AFD 16.9 SD 3.8 Length 85mm ... perfect!

This excellent length is also a real asset for this young male.

We predict a very good future for him!
