Description:

Chalfield Lulu - Solid Dark Fawn Pregnant Female with Female Cria at foot 🌟 Fantastic Black & Grey Breeder!

We are reluctantly selling some of our core breeding females due to needed to reduce our numbers down.

Lulu is a fantastic, reliable and consistent breeding female, she has produced mostly female offspring in Silver Grey, True Black & Fawn. We have 2 beautiful daughters which we are retaining in our breeding program. She has a stunning light fawn female Cria at foot sired by our Leopard Appaloosa Male - A great opportunity to breed some spotties!

She has a very exciting fleece so I would expect her to be a show quality female.

Lulu is still holding great fleece qualities, showing good fineness for age and super density.

She has been mated to our impressive black herdsire - Lane House Stormzy for 2024 🌟
