Fibre Testing Authority: Art of Fibre

Description:

This young man was nearly overlooked by us this year as a potential stud male ! Looking through his fleece both on him and from last shearing he is not to be overlooked !

Jasper has been shown and awarded two championships and a reserve Champion in both halter and fleece.

The lustre just jumps out at you and he is so very fine !

The handle on his fleece and the lock style is exquisite ! The fleece opens cleanly and folds into layers opening up into smaller staple groups at the tips.

He is conformationally correct with a straight top line and balanced frame.

He is one of our best trekking males as well and his temperament is fantastic. He walks well with young children , is double lead rope trained and also trained as a therapy alpaca and he happily goes into residential homes and is one of our alpacas we use at weddings !

This male will be a great addition to your farm as a stud male and trekking / therapy alpaca.

We are only selling him as we already have his genetics and he will be wasted as just a trekking therapy alpaca .

Priced well to a good home,

TB testing , fecal testing , health check and ongoing support. We are willing to export this male if required
