Description:

Ameera is a beautiful white female, very reliable dam and good fleece producer. She conceives with ease, and has replicated very good quality progeny, passing on a very soft handle and delightful-looking phenotype. She let's colour through. Ameera is expecting a cria from a grey sire. This should be a very exciting cria.

Ameera has been a key piece of our breeding program. She has widely contributed to our breeding and is ready to move on.

This is an exceptional opportunity to acquire a very healthy, reliable.

Ameera was mated to CME Dion, and produced a fawn female cria in 2024. Dion is probably one of the best studs I have come across, possessing an outstanding fleece that captivates the eye, impeccable conformation and gene load.

Prizes Won:

Second at the Cornish Fleece Show 2021 at the age of 4.

Number of Crias bred from female: 5
