**Description:**

Georgie is a solid black female with excellent conformation. She is headcollar trained.

She is still a maiden has been mated several times without success which is reflected in the price. As we have only mated her 3 seasons with no further treatment we feel there is a possibility of pregnancy in the future. She has solid mid brown and solid black parentage so the possibility of either bay black or dark brown progeny is high.

There is no vat on the quoted price.
