24.00µ SD 4.60µ

(taken on 1st February 2019 at 2 Years and 8 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Rocky is a well mannered male with a fantastic head style which he passes on to his offspring together with well above average fleece density. Bred with the right females he has given us appaloosa/multi cria.

We just dont have a use for him now as we are not concentrating on appaloosas and multis any longer.
