Derwent View Scorio
(Light Fawn (Solid Colour) - Suri)

Bozedown Mystique II
(True Black (Solid Colour) - Suri)

Westby Savannah
Medium Fawn - Suri

Description:

Savannah is a lovely female and so very friendly. Expect a kiss on the nose from her especially men !

Savannah has black genetic lines and was purchased to help with our Black Suri breeding programme but as we need to reduce some numbers we are offering her for sale.

Her last mating was to Champion Grey male Pure Shylock and she gave us this Rose Grey male cria

Savannah was left open this year and is ready to mate in 2024 and may be of interest to a coloured or grey Suri breeding programme

Savannah is conformationally correct and has a good frame and birthed and conceived very easily and is an excellent mother .

We have not micron tested her fleece but I would estimate it to be about 23-24microns . It is however very lustrous and has an average density

Savannah has been halter trained but it's not her favorite thing.

We are reducing our herd as we had quite a few cria born in 2023 and are up to our maximum number .Selling

Savannah was not my partners choice as she was the one he wanted to keep due to her friendly nature so a prospective buyer will need to sneek her past Scott
