(taken on 21st September 2023 at 2 Years and 5 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Lilly Diane is an absolute sweetheart and a very kind and gentle soul who fits in well within the herd. We are offering her and her mother Rosie as a package as we would like to see them stay together as they are quiet close. There will be no charge for her mother as she is a non breeding female due to age.

Lilly Diane would be of interest to grey breeders as she has given us a beautiful grey male this year who we will include as part of our show team. Lilly Diane's sire is our grey Champion male Essex Stirling and Lily Diane although white has dark pigmented skin and a grey patch of fleece on her face so highly likely to produce grey offspring.

This was her first cria and she gave birth easily and is an excellent mother.

Lilly Diane is halter trained and easy to handle conformationally correct with above average density and a fine bright fleece showing good structure.

Her male cria can be seen here at the farm and i have attached a photo of his fleece. We mated Lily Diane to Beck Brown Wildcard (Brown) to achieve this lovely young man and would offer a mating for 2024 at a reduced price should the new owner wish to repeat this mating.
