### Description:

Bozedown Emanuelle is a very well grown yearling female with a lovely temperament. She has excellent conformation and a lovely soft handling fleece with excellent length. Breeding forward I would like to see an increase of density but she will carry her dam's residual fineness. Her dam Tamsin is 16 years old and still breeding, her fleece now has a shorter staple but not unexpected given her age but what I am thrilled about is how she is still under 22 microns and beautifully soft.

Emanuelle is being sold as a pregnant female, she has been mated to Bozedown Bronze Moonlight, who is a stunning mid fawn male carrying Bozedown Comet II and Snowmass Bronze Royalty of Artwork alpacas genetics.
