(taken on 11th November 2022 at 1 Year and 4 Months of age)

Fibre Testing Authority: Art of Fibre

Description:

Winsaula Touch of Frost is Neogen tested classic grey, now maturing in his second fleece the grey is more apparent in his blanket. He is a very pale grey so had an interesting show career competing with the best white Suri males the UK has to offer at 2022 and 2023 BAS nationals amongst other shows. This young man held is own in very competitive classes and as a junior at the BAS National Show in 2022 received a commendation from the judge Mary-Jo as very worthy of his place in the white line up and went on to receive reserve champion white male at South of England in the same year.

Frosty has an impressive pedigree behind him including Winsaula Joker, the first and only grey Suri to achieve 3 x Supreme Champions and his Dam is the first progeny of Popham Suri Carlos, yet another triple supreme champion so this guy is packed full of the very best genetics.

Frosty was born very late in the birthing season so has always been the farm favourite. He is maturing into his second year with an obvious strong frame and a wide chest. He is carrying a fine and dense fleece with coverage from head to toe, great lustre and uniformity which is extra special in a grey fleece.

Winsaula Alpacas have won multiple Supreme Championship titles and Judges Choice over the years. We are advanced in our coloured genotyping and if you would like more information on breeding colour or grey genetics in your herd or to discuss price of this macho, please get in touch for an informal chat - Paula 07540 124768
