(taken on 1st May 2022 at of age)

**Fibre Testing Authority:** The Fibre Lab

### Description:

elina is a confident young female well grown for her age. She has great depth of even colour and a very correct conformation.

On her sire's side, Selina's genetics are impeccable. She is a grand-daughter of Fowberry Nobility and a great granddaughter of Top Account of Fowberry. Her dam's family typically possess tremendous depth of colour on sound, well-grown frames.

Selina could be mated to either a dark or a light-coloured male with good fineness in his fleece.

Please contact us for more details and for our Terms and Conditions of Sae. All prices are subject to VAT.

Auld Mill Selina, aged 15 months
