### Fleece:

16.40μ SD 3.30μ CV 20.40% % Over 30 Microns(μ) 0.00%

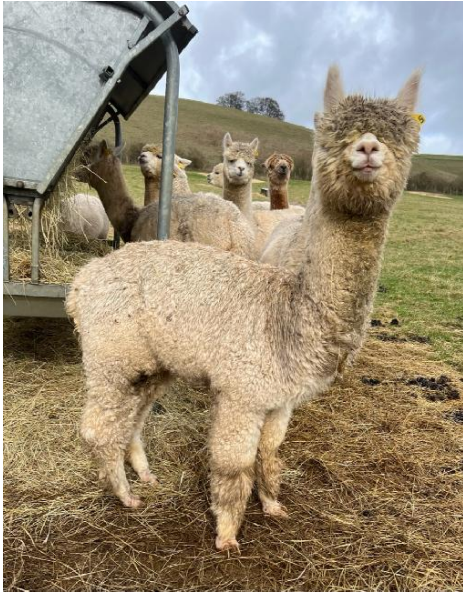

*(taken on 5th May 2023 at 1 Year of age)*

### Description:

Bozedown Candlelight is a compact maiden female and is ready to be mated this spring to a Bozedown Stud of your choosing.

Candlelight fleece is soft an fine and with excellent fleece length and adequate density. I would be looking to choose a male to improve the density on an already fine and uniform female.

Bozedown Candlelight
