Beschreibung:

TOFT NICANDRINA is a compact young solid Medium Fawn female out of TOFT NESSA (SW) and CUZCO Freddy (SDF) our very dense dark fawn stud male whose offspring are now starting to make their mark in the show ring.

TOFT NICANDRINA represents six generations of selective breeding here at TOFT and her lineage is packed with top Accoyo genetics going back through six generations.

She is a wonderful mother and indeed in 2025 she adopted a wee orphaned Alpaca Farmorama George and fed both hers and the Orphan until weaning without batting an eyelash.

TOFT NICANDRINA - is not pregnant for 2026 as we decided not to remate since she was performing brilliantly carrying two cria right through to weaning. She is now ready to be mated free to the TOFT Alpacas Stud Male of your choice.
