Description:

WILLOUGHBY Electra is a well grown solid dark fawn female out of BLENHEIM Kiera(SB) and TOFT Tai Pan(SDF) one of the darker sons of the Legendary LAVENDER PARK TULLEY.

WILLOUGHBY Electra as you can see from her stats above, is maintaining a good degree of uniformity across her fleece which considering her age is a remarkable genetic attribute. She has a fine, bright, soft handling fleece which is very consistent in colour and quality through to its extremities.

WILLOUGHBY Electra is a superb mother who produces very robust strong cria who grow on well. See TOFT Enya who is also up for sale.
