(taken on 15th April 2023 at 8 Years and 9 Months of age)

Description:

TOFT VALDA is a young solid white female out of SHANBROOKE ACCOYO Toft Tsar ET (Imp) and TOFT VALANDIL (SW) . As such she is very typical of her Accoyo Genetics and provides an opportunity to access the now very exclusive genetics of that world famous herd of Don Julio Barreda.

TOFT VALDA is coming up ten years old but as you can see from her stats she maintains a reasonably fine, pretty consistent uniform fleece. Yes, it is coarsening a little due to her age but the Mid and Lower Mid samples speak for themselves regarding her overall uniformity. A trait which she readily passes on to her offspring.

MID SIDE SAMPLE 2023 AFD 26.2. SD 4.8 CV 18.3 %>30 18.4

LOWER MID SIDE SAMPLE 2023 AFD 25.4, SD 4.5, CV 17.8, %>30 13

TOFT VALDA is a good proven mother who gets pregnant at a drop of the hat and as such will have quite a few offspring to come in the coming years.

TOFT VALDA - is scanned pregnant for 2024 to our Medium Fawn Stud male CUZCO Freddy.

EDD:- 10/05/2024

Name of covering male: CUZCO FREDDY (SMF)

Last Mating Date: 24th May 2023

Estimated Date Cria Due (Pregnant Female): 24th April 2024

Number of Crias bred from female: 5
