Description:

TOFT Kayin is a young solid white female out of TOFT Stala and TOFT Toranaga. TOFT Toranaga is a male with excellent confirmation exhibiting a very dense and well organised fleece. He is a son of LAVENDER PARK TULLEY.

Her fleece has coarsened as she has got older and her price reflects that but TOFT Kayin throws very fine cria.

TOFT Kayin - is pregnant for 2025 to TOFT Marcello our Solid Light Brown young stud male who has won his class at the BAS NATIONALS and he HEART OF ENGLAND ALPACA FIESTA both at Junior and Intermediate level and has achieved outstanding results in the fleece shows.

As such the cria inside TOFT Kayin represents a very real chance to purchase one of the 7th generation offspring of almost 30 years of selective breeding of TOFT Alpacas.

TOFT Kayin has a pedigree packed with the very best Australian genetics.
