(taken on 15th April 2023 at 9 Years and 7 Months of age)

Description:

TOFT Kayin is a young solid white female out of TOFT Stala and TOFT Toranaga.

TOFT Toranaga is a male with excellent confirmation exhibiting a very dense and well organised fleece. He is a son of the legendary LAVENDER PARK TULLEY whose father was the Australian legend Celtic Triumph.

TOFT Kayin is an exceptionally conformed alpaca but as you can see from her stats she is no longer the finest in our herd and her price reflects this.

In 2025 she produced a very beautiful girl TOFT KHATALINA from her pairing with our very dense SDF Stud male CUZCO Freddy.

She was pregnant this year to one of our prizewinning sons of CUZCO Freddy- TOFT MARCELLO and produced a beautiful Appaloosa female TOFT Katya.

This is not the first Multi/ Appaloosa offspring Kayin has produced so it would seem the 'Appaloosa gene is strong in his one master' as such she would make a meaningful contribution to any breeders out there who have aspirations to breed

Appaloosa or `multi's/pets

NB. (f you are an Appaloosa breeder and seriously interested in purchasing Kayin we are willing to considering her 2025 female cria TOFT Katya (multi) go with her as a discounted package _ POA. We also have another Appaloosa female cria born n 2025 TOFT D'Amico who we would also consider adding to a discounted package to someone wanting to start an Appallosa/Pet adventure - worth a thought. Details on request. Both the Cria are exceptional in their fleece quality but we don't breed Appaloosas here so hence the offer.)

TOFT Kayin - is not pregnant for 2026 and is ready to be mated free in the Spring to the TOFT Alpaca Stud Male of your choice,

EDD:- NOT PREGNANT- ready to be mated to the TOFT Alpaca Stud Male of your choice,

We offer hefty discount for multiple purchases and free delivery within a radius of 150 miles from Toft Alpacas alongside full backup and support 24/7

If this alpaca isn't exactly what you are looking for we have many more alpacas for sale in all colours, ages and price ranges
