Fibre Testing Authority: Art of Fibre

Description:

Cleopatra is a nice young female at the start of her breeding life. She has a compact body and good fleece showing excellent staple length of 145mm and lovely soft handle.

Cleopatra is packed with quality coloured genetics with strong grey on her sires side and fawn and black from her dam.

Cleopatra is ready to be mated this spring, we offer discounts on 2 or more and she is also available as a discounted package with Stella and Tonks.

Our entire herd tested clear of TB in April 2025.

All our alpacas are well handled, fully registered and up to date with all husbandry.

We can often deliver and offer a full back up service for new breeders.
