Description:

Houghton Joss - Solid Light Brown Pregnant Female 🌟
ONLY £2000 plus vat!

Houghton Joss is a beautiful light brown female who has produced some gorgeous cria for us.

Her fleece is very dense, fine and uniform and she passes this on to all of her offspring.

She is a very well conformed, strong female with black points, a beautiful true to

type head and silky muzzle. She has produced black, brown & fawn cria for us so far so she would be great for a coloured breeding program.

She is sired by Inca Balboa a very successful true black male and her dam Houghton Joy also sired BAS National Supreme Fleece - Houghton Joyous. 🏆

She has been mated to multiple brown champion male - Captial Fennec 🏆 for 2025.

This should result in a high quality coloured cria!

Sold fully up to date with vaccinations & BAS Registered.

All pregnancies are sold with a 48 hour live cria guarantee.
