Colour: Medium Grey

Registered With: British Alpaca Society UKBAS42102

Blood Lineage: Thistledown, Surilana, Macgyve

Date of Birth: 16th September 2022

Description:

A very reluctant sale but we can't keep them all.

Winsaula Serendipity is the most perfect example of a silver grey Suri. Her silver grey fleece is very even in colour with very few spots. She has perfect classic grey white marking on her face, down her neck and on her legs.

Serendipity had an excellent show career winning multiple championships and twice winning British Alpaca Society National Show Reserve Champions.

Serendipity has a unique grey blood line and is not related to any currently working UK Grey Studs.

She stands on a good frame and is carrying a fine fleece at 17.10 micron 100% CF. Her fleece oozes lustre and has a flat wave structure. Sired by our own True Black New Zealand Stud Thistledown Oscuro, Serendipity has been mated to our second New Zealand Imported Stud Thistledown Belluno. Thistledown Oscuro's progeny have won multiple Championships in the UK, including BAS National Show Fawn Male Champion 2023. Belluno's Cria were shown for the first time in 2025 with his brown daughter achieving Champion Brown female and his son achieving Reserve Champion Brown male. His progeny in New Zealand recently won Supreme Champion so this young soon to be mum, has a envious combination of the best of black Thistledown genetics.

Winsaula Alpacas were awarded The British Alpaca Society Best Breeder at the 2025 National Show, we have been breeding since 2014 and have won many other breeder awards. We offer a lifetime of support and a 7 day live Cria

guarantee. Our animals are available for export.

We hold the largest collection of Classic Grey Suri in the UK and if you would like to visit the farm or would like further information please contact me on 07540 124768 or prwinsor@icloud.com
