**Description:**

Iowa is an eye catching 9 year old female huacaya whom has been a real asset to our herd over the last 6 years. We are reluctantly selling her as we have made the difficult decision to stop our breeding programme and are now reducing our herd.

Iowa has given us 4 delightful cria and has been an excellent and attentive mother, birthing with ease and requiring no assistance.

Iowa can be a little nervy at times but she will happily hand feed. She would suit a more experienced owner who is able to handle her with confidence.

Iowa has a lovely sound conformation and fine fleece. She has not been mated for 2025 due to lack of time.

Iowa is registered with BAS, is microchipped and is up to date with all of her vaccinations and husbandry. Her teeth have also been rasped in November 2025.

Iowa will need to go join an existing herd of female alpacas or be packaged with some of our other females to make a herd of at least 3.

Only 5\* homes will be considered.

**Prizes Won:**
