Description:

Iowa is an eye catching 8 year old female huacaya whom has been a real asset to our herd over the last 6 years. We are reluctantly selling her and her cria at foot as we have made the difficult decision to stop our breeding programme. Iowa has given us 4 delightful cria and has been an excellent and attentive mother, birthing with ease and requiring no assistance.

Iowa can be a little nervy at times but she will happily hand feed. She would suit a more experienced owner who is able to handle her with confidence.

Iowa has a lovely sound conformation and fine fleece, although the quality of this has deteriorated slightly with the amount of effort she has put into her cria! She has not been mated for 2025 due to lack of time.

Iowa is being sold with her beautiful black female cria, Ophelia. They will need to go join an existing herd of other females.

Iowa is registered with BAS, is microchipped and is up to date with all of her vaccinations and husbandry. Her teeth have also been rasped in both June and October 2024.

Only 5* homes will be considered.
