Description:

Serendipity is a lovely female and has always been a great mum to her cria, the only reason for selling her is reducing our herd, we also have her first daughter by the same sire who is stunning with an incredible frame. Serendipity's grandsire is EP Cambridge Gunsmith who is Mid Grey, and her Great Grandsire is The Chief of Bozedown who is solid Dark Grey, so if grey is something you want we are hoping this is something she produces!!

Number of Crias bred from female: 2

Sire of Cria at Foot: Inca Grand Slam (Black)

Cria at Foot: Dipzy is a bubbly little character with an amazing frame at only 2 months old. She's solid black and is definitely going to be stunning and dense.

Date of Birth of Cria at Foot: 25th August 2024

Current Age of Cria at Foot: 35 Weeks
