**Description:**

Due to an upcoming property sale and the need to downsize our highly regarded alpaca herd, we are offering Hot Chocolate at a very attractive price.

Hot Chocolate is a promising young female with exceptional breeding potential. She possesses a captivating presence, a fine and dense fleece that drapes elegantly over a strong, structurally correct frame with a consistent colour throughout.

Her pedigree is impressive. Her sire, Redens DiCaprio, boasts an enviable show record, highlighting her strong genetic potential. Further enhancing her pedigree is her grandsire, the renowned Fowberry Constantine, a legendary figure in the alpaca world.

Ready for her first mating in 2025, Hot Chocolate's combination of a solid phenotype, lovely soft fleece, and excellent genetics makes her a valuable addition to any breeding program.

Note: Hot Chocolate was sheared as a cria, so the provided staple length reflects 9 months of growth.
