**Date of Birth:** 16th June 2023

### Description:

Lane House Night Fever is a stunning light brown suri with an excellent show record so far!

He already has several colour championships under his belt along with recently being awarded judges choice.

He displays a beautiful dense, fine fleece with amazing lustre and lock structure. He stands on a well built true to type frame and I expect he will be ready to work in the summer 2025.

### Prizes Won:
