Dam: Cold Comfort Beatrix

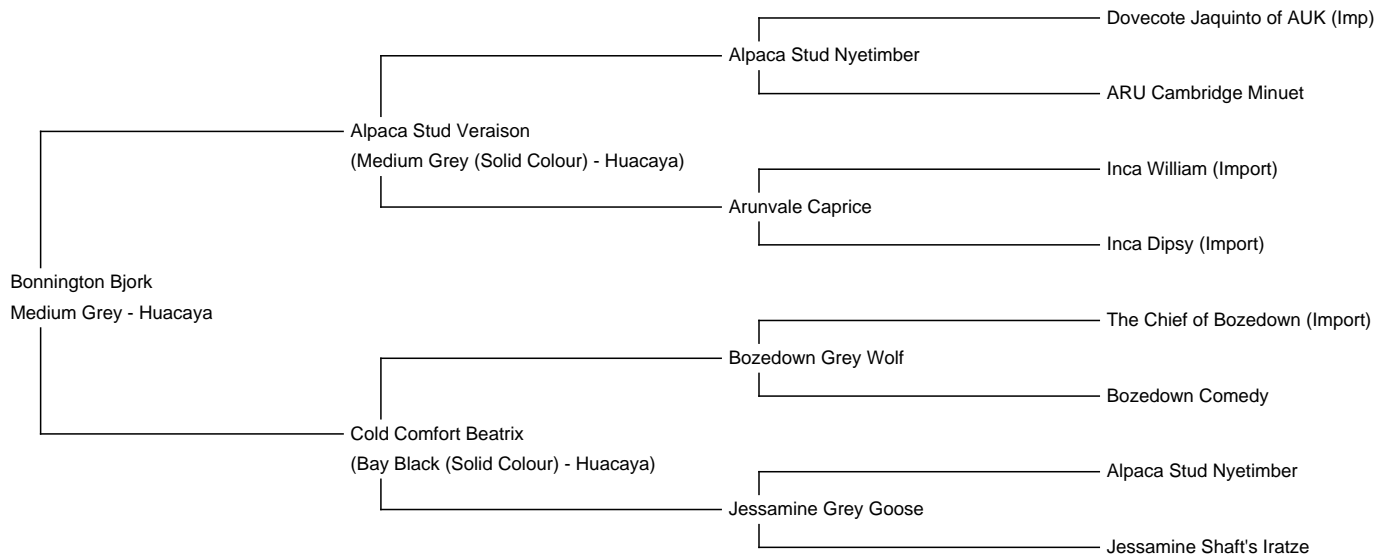

Type: Pregnant Female (Pregnant)

Breed Type: Huacaya

Colour: Medium Grey

Registered With: BAS registered

Date of Birth: 11th May 2022

Description:

Bonnington Bjork is a stunning, pregnant, Mid Silver Grey female with beautiful, stand-out colourings.

She has excellent genetics with her Sire (Alpaca Stud Veraison) having won Champion in his class multiple times at a variety of shows. Most notably, he has twice won 1st place in his class at the National Alpaca Show. Both her Sire and Dam have excellent fleece traits. We own her beautiful Dam (Cold Comfort Beatrix) who is a striking Bay Black and has an excellent coverage of fleece along with outstanding staple length.

These fantastic fleece traits have been passed onto Bjork who also has an impressive coverage of fleece with a soft handle. As you can see from the pictures, she has a strong stance and balanced frame with excellent substance of bone.

In 2024, she produced her stunning first cria (Bonnington Black Betty) and is currently pregnant with her second cria to our white, rosette winning; Sire Bonnington Marlon who also has a very fine, dense fleece. She is a brilliant mother and, overall, a gentle girl with a lovely nature.

With her stand-out colourings, fantastic fleece and brilliant mothering instincts, Bjork would make a brilliant addition to any herd.

All of our alpacas are halter trained, are up to date with all husbandry and if pregnant come with a live cria guarantee.

For Bio Security, all buyers have the option of having their purchased animals wormed with Zolvix and quarantined on

concrete surface for 4 weeks before delivery.

Price: £4,000 plus VAT

Name of covering male: Bonnington Marlon (White)
