

Fangdale Lola

Price: £1,100.00 (excl VAT) **(SOLD)**

Sire: Stoneleigh Celtic Explorer of Fangdale

Dam: Chinchero Karisimbi

Type: Female

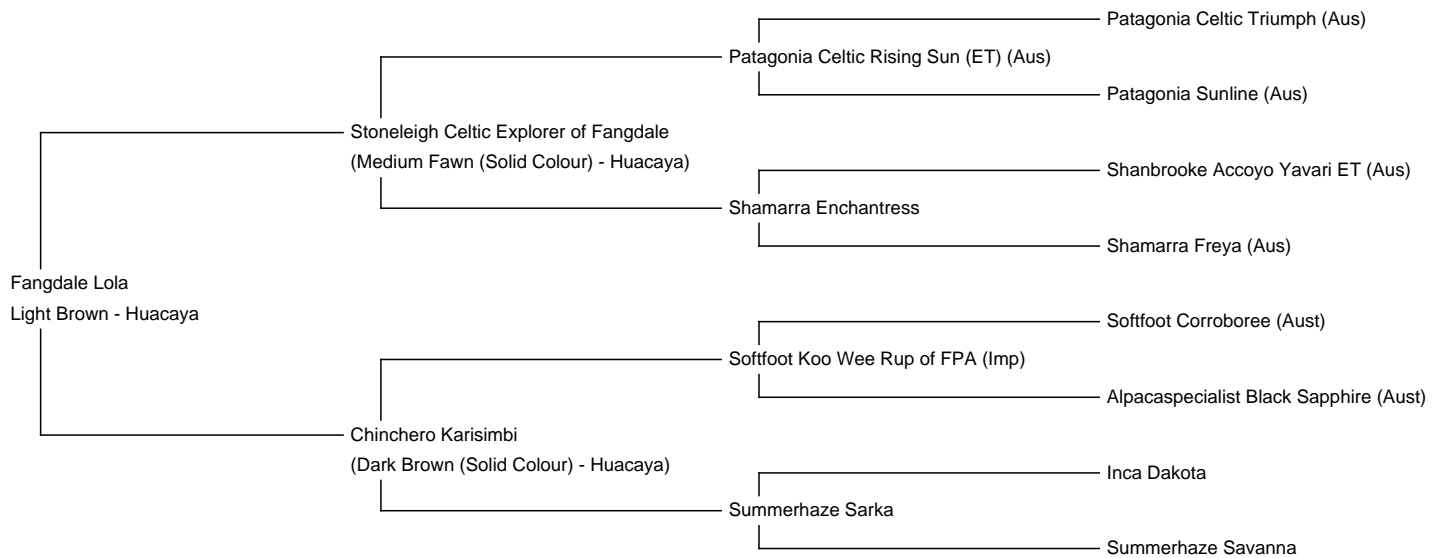

Breed Type: Huacaya

Colour: Light Brown

Registered With: British Alpaca Society UKBAS47048

Blood Lineage: Australian

Date of Birth: 10th July 2024

Description:

Lola has a lovely, curious, friendly disposition and scores highly on the cuteness factor. Her fleece has a lovely handle that is both fine and dense with a long Staple length. She is fully halter trained and easy to handle.

Lola has an impressive genetic background that makes her an exciting prospect for an astute breeder going forward. Her Sire Stoneleigh Celtic Explorer is a NZ multi-Champion sired by the 'super stud' Patagonia Celtic Rising Sun ET. Her Dam chinchero Karisimbi contributes genetics from the influential Sire Softfoot Koo Wee Rup of FPA.

We are reluctantly releasing Lola alongside her best friend Astra because we genuinely need to reduce our herd size. We believe she is Show Quality. We would also consider a discount if a breeder was prepared to take Lola and Astra together.

We are members of the British Alpaca Society Trusted Seller Scheme which means you can rely on support, handover documentation and back up support after purchase. We also offer delivery.

Prizes Won:

Lola is a weanling so not yet shown. We would however show her if not selling.
