Beschreibung:

Chinchero Juvela will be a great asset to any coloured breeding programme. She carries a very fine and dense fleece with good length to the staple too.

Juvela is the daughter of one of our best black females Inca Jeopardy and multi champion Australian imported male Koo Wee Rup. This male is renowned for passing on positive fleece traits to his offspring in abundance.

Juvela can be sold with a beautiful dark fawn female daughter who is also extremely fine and extremely dense. The sire of this cria is our black stud male Redens Burberry who has an impressive show record and has consistently bred top quality offspring.

These females are only being sold as our primary objective is to breed black alpacas and our herd numbers of black females is now at its limit.

Juvela is currently pregnant to our co owned elite black herdsire Inca Replay who was given the award of supreme champion at Dorset county show last year .

2025 stats 18.3 / 3.6 which shows this female will hold her fineness.

Her cria has first fleece stats of 16/3.6 too.
