Description:

Brandi is a stunning looking, soon to be pregnant, solid-light brown female.

She has excellent genetics with her Sire (Alpaca Stud Veraison) having won Champion in his class multiple times at a variety of shows. Most notably, he has twice won 1st place in his class at the National Alpaca Show. Both her Sire and Dam have excellent fleece traits. We own her beautiful Dam (Cold Comfort Beatrix) who is a striking Bay Black and has an excellent coverage of fleece along with outstanding staple length.

These fantastic genetics have been passed onto Brandi who has beautiful colourings and a gorgeous bright fleece that covers her head-to-toe. She has a strong stance and true-to-type frame with a good substance of bone.

Brandi has a lovely temperament; she is halter trained and easy to walk on a lead.

Brandi is due to be mated with Little Nige, our award-winning stud male.

With her excellent genetics, gorgeous fleece and wonderful temperament, Brandi will make a fabulous addition to any

herd.

All of our alpacas are halter trained, are up to date with all husbandry and if pregnant come with a live cria guarantee.

For Bio Security, all buyers have the option of having their purchased animals wormed with Zolvix and quarantined on concrete surface for 4 weeks before delivery.
