Dark Brown - Huacaya

Furze Park Baby Belle  
(Light Fawn (Solid Colour) - Huacaya)

### **Description:**

Fantastic Unproven Brown Boy For Sale - BellaRuba Howie

3yrs this Year and has big potential to add some great genetics to your herd. DOB 02/08/2022

Sire: BellaRuba Cadillac Gold

Dam: Furze Park Baby Belle

This lovely boy has fantastic Champion winning genetics Both sides from amazing Alpaca Stud R.V. Canute to EP Cambridge Tidemark of Furze Park (Imp), as well as including his lovely sire of ours BellaRuba Cadillac Gold. We just haven't had a chance to show this boy but I'm certain he'd do well in the show ring. He has an excellent conformation with beautiful strong frame and great amount of bone with masses fleece coverage. Incredibly dense and fine fleece with great staple length and structure approx 19mic to the eye. Photos don't do him justice. He will come fully health checked from the vet. Happy to bTB test at buyers expense as we are a closed herd.

Please contact for more information and if you're interested in more quality studs/females we have available packages and sold separately at reasonable prices all negotiable.

£2000Ono
