(taken on 12th March 2024 at 10 Months of age)

Fibre Testing Authority: Alpakotela Lab

Description:

Inca Saxon is one of our top three black males from the 2023 drop and has been a standout male with so much potential. He is the ONLY son of our two time BAS National Champion Inca No Strings to be released for sale.

He is a very well grown male who is now ready to begin working. He is correct in every aspect of his conformation and he is calm in nature and easy to handle.

He is very well covered in a very fine and dense fleece that is extremely uniform in both colour and micron and he is very long stapled which is a trait primarily passed on down from his dam's family.

With parents that have been so successful in the show ring and carrying high performing fleeces, Inca Saxon is a uniform and high reward male for the most demanding black breeding programme.

Inca Saxon has also been selected due to his fast growth, early weaning, early maturation and aversion to worms, coccidia and mites.

This halter trained male comes with all our normal guarantees including registration upgrade, fertility, full veterinary health check and our long term advice and support.

Available for domestic purchase and also export to the EU, Norway, Switzerland, India and the Middle East.

Prizes Won:
