Beschreibung:

TOFT ROBERTA is a well grown very attractive young Modern Grey female out of TOFT RAMZAN (SDB) and our Champion dark Fawn Male HERTS BIG BOPPER. She is exhibiting a well organised very fine fleece with a long staple and a very soft handle.

As you can see from her image above TOFT Roberta is already exhibiting a lot of white fibres in her fleece and we have no doubt that as she matures the white fibres will become more evident throughout her fleece. She is not showing any contrasting patches within her fleece which is why we classify her as a modern Grey.

We do not breed grey alpacas at TOFT Alpacas and as such Roberta is a bit of an anomaly for us, which is why we offer her for sale at an early age and a very reasonable price.

The Big Bopper has never really produced any grey alpacas until last season when he suddenly produced two TOFT Roberta and TOFT ENYA - as such TOFT Roberta is a very unique opportunity for a Grey breeder. TOFT Roberta's grey nature would not be an advantage here at TOFT but would be of real benefit within a herd which specialises in breeding grey alpacas. Or to someone who wants to breed quality grey alpacas by taking advantage of some very superior genetics.

We would be very happy to sell both TOFT Roberta and TOFT Enya as a package for discounted package if both are going to the same home.

Interested? Then why not get in touch and come and visit-

We offer hefty discount for multiple purchases and free delivery within a radius of 150 miles from Toft Alpacas alongside full backup and support 24/7

If this alpaca isn't exactly what you are looking for we have many more alpacas for sale in all colours, ages and price ranges
